Hi Helen, since this was originally a DEP sampled location I think it makes sense for you or Mark to reach out with comments. I have no additional comments to the letter Kathy sent also.

Good afternoon,

Do you want to send the comments out?

Helen

Good Afternoon,

Attached is a draft letter I wanted to share with you. Ex. 6 Personal Privacy (PP) was one of the NJDEP sampled locations that Chemours agreed to take over OM&M. In most cases, GAC systems had already been installed. However, in this case, the resident declined NJDEP's treatment offer. To be consistent with Chemours program, we will be sending this letter to confirm he still declines treatment. In addition, to be consistent with our QREP procedures, if he does want to accept Chemours offer of treatment, Chemours will resample his well first to reconfirm qualification as the NJDEP sampled his well in 2015. So far, none of the residents that declined Chemours treatment offer have responded to our annual mailing. If any of them do, we will also resample if the result is over a year old and the resident wants treatment now.

Please review this letter and let me know if you have any comments. Thank you.

Kathy
